WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Pindushi Army Barracks is located on the northern edge of Pindushi (Figure 1). It covers approximately 270 acres and contains 1 multistory administration/barracks building, 5 multistory barracks-type buildings, 6 warehouses, 8 vehicle/equipment storage structures, 1 maintenance shed, and a driver-training

course adjacent to a motor pool. The equipment storage/maintenance area is fenced and enclosed on 3 sides by a firebreak (Figures 2 and 3).

KEYHOLE missions covered the area in [REDACTED] Comparative analysis reveals no change in facilities.

DESCRIPTION OF INSTALLATION

Railroad Service

Rail facilities are available in Medvezhyegorsk, 5 kilometers (km) west. A rail line passes approximately 800 meters northwest of the administration and troop housing area.

Road Service

A main north-south highway passes along the western side of the installation.

Administration and Troop Housing Area

Area D contains 1 multistory administration/barracks building, 5 multistory barracks, and 6 support buildings.

Equipment Storage/Maintenance Area

Area J is fenced and enclosed by a firebreak on 3 sides. It contains five 220- by 45-foot vehicle/equipment storage buildings, one 110- by 30-foot maintenance/storage building, and three 110- by 30-foot vehicle/equipment storage buildings.

Driver-Training Area

Area M is a wheeled/tracked-vehicle, closed-circuit, cross-country-type driver-training course.
